

Manufacturer's Warranty

Thank you for purchasing a quality Nottingham Brass showerhead.

All items are warranted to be free of manufacturing and mechanical defects for a period of 5 years from date of purchase, when properly installed by a qualified, licensed plumber. This warranty covers replacement of defective parts, not of complete product, unless deemed necessary by a customer service representative. The warranty does not extend to labor charges when repair or replacement of the item is needed.

We would like to inform you of an important step in the process of installing your new showerhead. Be sure that your water pressure is regulated at or below 80 pounds per square inch. Using a Nottingham Brass showerhead at a pressure over 80 PSI is not recommended and will void its warranty.
