

Manufacturer's Warranty

Thank you for purchasing a quality Whittington Collection bronze sink. You may find slight variations in finish and dimension, making your sink an individual work of art that is exclusively yours. Our sinks carry one year manufacturer's defect warranty. The finish on this sink is considered a living finish and is not covered under warranty.

The Whittington Collection bronze sinks will darken with time and normal use, creating a much sought-after living finish. To obtain a more naturally darker look, clean once a week with mild soap and water then wipe dry with a soft cloth. To maintain the hand-polished luminous surface, simply use a polishing agent every 4 weeks. **We do not recommend polishing Weathered Bronze sinks.** Because a chemical is applied to the surface of the bronze, using any kind of polish or abrasives can strip the finish.
